360 DIGITAL TRANSFORMATION

Allgäu Solution

IS PROUD OF THE

CUSTOMER STORY

PROJECT: Pentesting

TIME PERIOD: January 2023

TESTIMONIAL:

We had our server tested. We are hosting a lot of WordPress websites and wanted to be on the safe side. Indeed, some gaps were pointed out to us. For the most part, we were able to fix them ourselves. However, some of them have been fixed by 360 Digital Transformation.

Cornelius Löwenthal
Managing Director

360 DIGITAL TRANSFORMATION

Allgäu Solution

Now we have an active mandate to be safe in the long term. Thanks to Can and his team for the quick and especially instructive testing of our server and hosting.

ABOUT THE CUSTOMER:

Allgäu Solution is a web agency that offers various services in the area of web design and web development, such as professional design, web development with modern technologies, search engine optimization (SEO), e-commerce development, hosting, maintenance, and support. Allgäu Solution helps customers improve their online presence, generate traffic and promote their business on the Internet.
