PROJECT: TISAX® Label - AL2

TIME PERIOD: July 2021 - January
2022

TESTIMONIAL:

Working with 360 Digital Transformation is straightforward and individual. Before contacting 360 Digital Transformation, I had meetings with many other service providers for TISAX® Consulting. Unfortunately, most providers are designed for larger companies and thus offer standard packages that do not fit our needs.

From the very first conversation, Can responded to our specifics as a small company and didn't hesitate to create a custom quote for us. I felt perfectly supervised throughout the entire process on the way to our TISAX® label and look forward to further collaboration with 360 Digital Transformation.
